1. Construction work on fortifications has been in progress on Cape Pelegrin in Zupski Zaliv near Cavtat. Access to the area for unauthorized persons is strictly forbidden, and according to source, a person who approached the cape in a boat was fired upon by guards with machine guns.
2. Three bunkers are reported to have been completed and excavations in their vicinity seem to indicate that others are to be constructed. The completed bunkers are placed from 15 to 25 meters above sea level, on the perimeter of a pine forest. Leading from the bunkers to the peak of the cape, a road is clearly visible which disappears behind the hill.
